

# Testimonial

*For many years we have attended PRIMEX and have maintained the same two sites every year. In the past we have found that just by putting our name out there in the*

*public eye it had slightly increased sales for us. This year the response we received was outstanding! The immense amount of positive feedback and increased sales has made PRIMEX a worthwhile event for us. We decided to make our site display bigger and better which more than doubled the flow of people and sales results. We would be more than happy to continue our support for PRIMEX in the future and would like to thank Bruce and the rest of the PRIMEX organisational team for their help and support.*

*Kind Regards,  
Katrina Bullock  
Business Manager  
North Coast Motor Group*
